## Inaugurate Art Festival

The first Annual Hamilton Student Art Show was held the week of May 26 through 30, in room 214, under the direction of Mr. Pat Nagatani.

The show was open to all fine and practical arts students and all media were displayed. The purpose of the show was to display and publicize what is being accomplished in the "arts" at Hamilton High.

Each teacher in the art department was also required to submit one of his own works. Participating teachers included Mr. Paul Berg, Miss Meg Blomquist, Miss Rose Greene, Mrs. Ellen Grim, and Miss Doris Zesiger.

Categories for student display were jewelry, three dimensional construction, oil painting, water color, design, pen and ink, and charcoal.

## Permit Deadline Set for Friday

"Parents have until Friday of this week to apply for permits for their students to attend Hamilton," warned Mr. Charles Welsch. On June 10 a drawing will be held to reveal who will be eligible for the 75 permits to be allowed by Hamilton, which has been classified a "marginal school."

The basis for permits has been changed for this year, with the drawing to be first from Group I applications (to insure a better ethnic balance.) If any of the 75 remain, applications will be drawn from the Group II category.

There is no quota set for sibling permits, according to Mr. Welsch. Continuing students will not be involved.

## Forensics Win New Laurels

Members of Hamilton's public speaking and debate club have been very successful in recent debate tournaments, according to Miss Ann Carlton, advisor.

At the Sylmar Invitational Tournament on May 10, awards were won by Marshal Kahn, a bronze-medal winner in one-man debate; Sol Levitt, a gold-medal winner in extemporaneous speaking; and Laura Singerman, who won a superior rating in impromptu speaking.

The following weekend, at the Rolling Hills Invitational Tournament, Hamiltonians Dan Harder, Marshal Khan and Fred Schenk reached the semi-finals in a three-man debate.

# Ephesians Tap Fourteen Yanks

The highest honor a graduating senior in the City of Los Angeles can win has been bestowed upon fourteen students, representing one out of forty of the graduating class, according to Mrs. Josephine Jimenez, vice principal.

The outstanding students, who pledge themselves to a lifetime of service to their community, include: Sheila Berman, Marlene

Berger, Richard Crane, Jill Eisenstadt, Linda Globerman, David J. Goldstein, Caren Greenberg, Marilyn Kaplan, Jon Karp, Alan Klee, Steven Mintz, Marshal Oldman, Stephen Ross, and Maxine Wolf.

At a brunch held on Friday, May 23, the fourteen were honored by the administration, their counselors, and members of the faculty.

SPECIAL  
ELECTION  
ISSUE

## First Ladies, Green Keys Named

Hamilton's honor service organizations for upper division students, First Ladies and Green Keys, have just announced their new members for next year, according to sponsors Mrs. Lucy Molloy and Mr. Gene Broadwater.

The new First Ladies include Vivian Bernstein, Sherrill Cohen, Michell Colker, Manette Dennis, Tobin Duboem, Lilly Retter, Patty Fisher, Toni Frederick, Margaret Freedland, Gayle May, Sue Grinspan, Lorraine Heller, Earthlyn Manuel, Melanie Lee, Barbara Miller, Carol Ogawa, Denise Reiter, Diane Rittenberg, Ellen Stromberg, Elisa Wegner, and Kristen Childs.

Members added to Green Key are: Gary Bachrach, Gary Barr, Graig DeRoy, Jeff Dinkin, Mark Handel, Dennis Hayashi, Howard Homler, Glen Janken, Joel Markus, Allan Miller, Larry Moskowitz, Norman Memzer, Craig Sadur, Eliot Spindel, Don Steinberg, and Barry Zeve.

The members of the two organizations contribute to servicing their school during lunch, during enrollment periods, and in general, aid the faculty in serving the student body.

## Parents Invited To College Review

The Hamilton staff will be presiding over a college advisement night for all parents and especially those of eleventh graders tonight. Students are urged to invite their parents to attend the meeting, which will include information on college entrance requirements, financial aids, and other pertinent information.

Among those taking part in the meeting will be Mrs. Gloria Harris, Mrs. Jane Kirsch, Miss Mae Kunitomo, Mrs. Nora Nicosia, Miss Irma Morris, and Miss Jeanine Peters.

The program will start promptly at 7:30 p.m. and will, allowing for questions from the audience, close at 9:30.

Eleventh graders attended a similar program last Wednesday and learned how to go about choosing an appropriate college. A specially-prepared bulletin summarized entrance requirements for various public California institutions and important filing and test dates was provided for the students. Additional copies may be secured in the counselor's office by anyone who failed to receive one.

## School Celebrates Black Culture Week

Hamilton students joined millions nationwide the week of May 19-23 in the celebration of Black Culture Week. Among the activities was an assembly to hear the readings from noted Negro poets.

Two area librarians, Miss Roslind Goddard of the Ascot Library and Mrs. Moss Humphrey of the Baldwin Hills library, enthralled students from the sixth period Afro-American History class of Mr. Greg Jackson, and the Advanced Composition class of Miss Harriet Perl. Included were dialect poetry and works of Langston Hughes and Leroy Jones.

The Black Student Union spent the week in work on a special newspaper for the entire student body. The paper will be printed by Human Relations Coordinator for the school, Mr. Ted Johnson, and distributed soon. The editor is All Debra Taylor, aided by Lawrence Killpatrick and Louis Shackles.

Numerous other observances were made in social studies and English classrooms, with stress put on the cultural enrichment given to American life by the Negro people and the scientific and industrial contributions made by many.

## President Streamlines

Next semester's Student Council provides the Student Body with an opportunity to make student government more meaningful for all. In order to set the stage for the rebirth of school spirit we are endeavoring to streamline the political bodies and to develop stronger lines of communication among all elements.

Changes have been made to eliminate unnecessary positions on Student Council, such as the Assistant Commissioners of Elections and Programs and to gain closer representation by enabling class presidents to be on Student Council if they wish.

Among plans for next semester are the following: Closer faculty-student relations by inviting members of the Faculty Professional Committee to meet with Student

Council, a possible Selective Service Information Bulletin Board, and better publicity and communications. More interesting social events will be planned as well.

Valid criticism is not only needed but desired in student government. Feel free to speak. When change is needed, it can be accomplished, as we displayed when the price of the Student Body Card was reduced to \$2.50, enabling more students to participate in school activities.

Please feel free to go up to Student Council members at any time to tell them your wishes. This is a time of change and we want it as much as you do. Student government cannot function without the help of the students. We cannot serve the needs of the Student Body alone and neither can you. Progress can be achieved jointly or not at all.

Tom Krantz

## Student Body Vice President

### RANDI MARKOWITZ

Students do a lot of talking but not enough acting and listening. I run on a platform urging the expansion of Hamilton awareness and participation. One of action that is unified in such a way as to have enough popular support to get things done. If the students and teachers of Hamilton High can see clear to working toward goals common among themselves and among each other, I feel that Hamilton can become a school in which things will get done.

Having served last semester on Student Council, I've become aware of the fact that the biggest problem that all student governments face is how to get the 'silent majority' moving, and what channels can be opened to make Student Council "representative of the student body." It is a fact that this same problem exists on college campuses, in city and national governments; — perhaps we here at Hami, with a little bit of added effort can eliminate the mistakes of our predecessors. Let's take ideas out of the "pending files" and put the into "action files."

Are you aware that school can be more than just six straight hours of book-learning? All you have to do is put your ideas into the proper channels for accomplishment. A vote for MARKOWITZ will help strengthen these channels. VOTE FOR RANDI MARKOWITZ FOR STUDENT BODY VICE PRESIDENT.

### PHIL WILDER

When asked why one is apathetic towards student government, students have replied, "What has student government ever done for me?" Student government doesn't really have any power; it's just a front for the Administration's views." For these and other reasons our school today is facing a problem which is prevalent throughout the school system. The problem of which I am speaking is apathy. This semester the problem is so obvious that the student body president only signed his name in order to be elected. Something radical must be done to provide a drastic upswing in student spirit and participation. If you elect me as your student body vice president, I will try to correct these and many other problems facing us, the student body at Hamilton.

First of all, in order to overthrow this state of apathy, I propose: (1) a seminar of the leaders of all influential forces at Hamilton, (2) leadership which is cognizant of the relevant problems of the day, and (3) improved links of communication between student body leaders and the students which they supposedly represent. I feel I'm qualified in trying to do this.

(Continued on page 7)

## Student Body Treasurer

### GARY BARR

\$2,000 debt? This should not and must not continue to exist. In the past, the students of Hamilton have been talked into paying \$4.00 for a Student Body Card that is basically worthless. Next semester the card will take on a completely different look. The cost of the card will be \$2.50, \$1.50 reduction from this year's card.

My program for Student Body treasurer will consist of three points:

1. To publicize financial news of the Student Body.
2. To try to reduce or eliminate the Student Body debt.
3. To meet with other Student Body treasurers to compare methods of fund raising.

Having been A-10 Class treasurer, I know some of the inner workings of Hamilton's financial system. Some of my other qualifications are: a member of Spartans, and presently of the House of Representatives, a member of Sparitans, and presently a member of Class Cabinet.

### VOTE

GARY BARR  
S.B. TREAS.

### JEFF DINKIN

The Student Body is just now beginning to come out of a large deficit in funds which arose due to lack of student support of school activities. However, student support comes only when the students' ideas are represented in student government. Strong leaders are needed to re-mold our student government into one which represents ALL students, not just one "group" of student. When all students are represented in student government, student involvement in school activities is imminent. And this new student involvement is what is necessary to make our student government and Student Body as a whole a success.

Since the Student Body is almost out of debt, the Student Body Treasurer will have the chance to make many changes in the present financial system. These changes MUST be representative of you. The students know what they want. I will make what you want a reality.

The time has now come to vote for the candidate who will best represent you. The time has come to vote for the candidate who will work for you. The time has come to vote for JEFF DINKIN.

ELECT JEFF DINKIN for STUDENT BODY TREASURER!  
SUE GRINSPAN

Every semester candidates for the various offices list their previous experience in student government. Most candidates have a great deal of experience, but, unfortunately, the individual with the greatest amount of experience does not always do the best job.

In my two years at Hamilton, I have been an active part of student government, serving on Girls' League Executive Board, student body committees, class council, and various school organizations.

Such experience in politics is great, but the willingness to represent the voters honestly is the most important qualification.

As Student Body treasurer, I will work to bring needed reforms to the financial policies of our school. I will also strive to unite the student body behind our money-raising activities.

If elected treasurer, I will also attempt to increase communication between the students, faculty, student government, and administrators, allowing your ideas as well as mine to be heard.

So if you elect SUE GRINSPAN your next Student Body treasurer, we can work together to make Hamilton a STUDENT BODY OF THE WHOLE, NOT IN THE HOLE!

### MARK HANDEL

The Student Body treasurer performs two important duties. First, he is responsible for the financial standing of the Student Body funds. Second, and more important, he is an active, voting member of Student Council. It is this second responsibility which more directly affects the individual student.

As a member of Student Council, I have seen and participated in the workings of Council and I know what Council has done and what it can do. Council needs to concern itself with situations more applicable to students. Ideas do nothing without plans, and plans become reality only with firm determination and support — not thorough unguided promises of financial prosperity.

The days of Annette and the campus malt shop are gone — ACTION RELATED DIRECTLY TO THE STUDENT IS NEEDED and that action is HERE! However, EXPERIENCE is essential, and that is HERE also. As BOYS' LEAGUE TREASURER I planned and executed the Easter Welfare Project. I was also responsible for the B.L. Budget.

My other experiences include BOYS' LEAGUE EXECUTIVE BOARD, BOYS' LEAGUE COUNCIL (3), MEMBER STUDENT COUNCIL, FINANCE REP, ELECTION COMMITTEES (4), WELFARE REP (2), CLASS COUNCIL (3), NEVIANS.

Remember, VOTE FOR A VOICE NOT A FINANCIAL STATEMENT, VOTE FOR ACTION — NOT UN-REALISTIC IDEAS, VOTE RELEVANT EXPERIENCE — — TCB and ELECT MARK HANDLE STUDENT BODY TREASURER!

### DENNIS HAYISHI

Student Body Treasurer-like any other office of the school, it requires leadership responsibility. But unlike other offices, it requires special responsibilities. It requires the responsibility of working with the finances of the student body and keeping accurate track of their condition. I feel it also carries a heavy responsibility of making worthwhile suggestions on ways to maintain financial stability. These responsibilities require dedication and willingness to work. It is because I believe that I have this dedication that I am running for the office of Student Body treasurer.

The demands of this office require previous experience. I have served in the House of Representatives, Boys' League, Class Council, and as B-11 vice-president. But now I'm looking ahead to the future, and ask you for your support and your chance to tackle the job of Student Body Treasurer. Vote HAYASHI for S. B. TREASURER.

**Girls' League President**

**CAROL DAVIS**

I am really looking forward to next semester as your new Girls' League President. This is a great honor and I hope I will live up to your expectations. There are many activities that Girls' League would like to put on in the fall, but these activities can only be a success with your participation and, most of all, your spirit. Without this, Girls' League cannot be successful. So be active and support Girls' League to make the Kharkovian semester a great one.

THE UNOPPOSED OFFICERS for Boys' and Girls' Leagues during the Kharkovian semester are pictured above. They are Don Steinberg, Boys' League President; Carol Davis, Girls' League President; and Richard Kopf, Boys' League vice president. Not pictured is Fern Goldstein, Girls' League vice president.

**Boys' League President**

**DON STEINBERG**

As I am the unopposed candidate for the office of Boys' League President, this platform marks the complete collapse of the League at Hamilton as an effective representative of the student body. I make this type of statement not because of myself, for, indeed, I have been a member of Boys' League Executive Board as Coordinator of Publicity; nor because of the League itself, for it is an effective organization as represented in its work to abolish the dress code at Hami; I make this statement because of the boys themselves. When a group is so apathetic toward its "leadership" that its President and Vice president may be "elected" by signing up and nothing else, and the treasurer and secretary may have to be appointed, something must be done to restore interest in

the organization. In order to do this I propose: 1) a renovated Council representative program to improve participation; 2) a leadership which is responsive to its membership; 3) a new system of activities including an extensive intramural sports program to replace athletics if they are eliminated; and 4) regular bulletins informing the student body of what Boys' League is doing. Remember, I ask not for your vote but for your help to put the preceding plan into effect.

**President**

**DANNY BERGMAN**

This semester, under class premier Pam Sachs, the Kharkovians have had the best semester so far at Hamilton. Next semester could be just as great or greater with the same type of capable leadership that we've had in our past semesters. We need a president that can lead this spirited class through its memorial senior semester, a president with qualifications that show leadership ability, and experience in class and school events.

My name is Danny Bergman. Being in class council four semesters has given me great experience and knowledge of our class. I am presently Boys' League President, which has given me valuable leadership ability which makes me feel that I can lead this class to the heights in W'70. VOTE FOR DANNY BERGMAN FOR A-12 PRESIDENT.

**ARLENE SKURO**

Experience, ability, and integrity are vital qualifications for the leader of a class. For a successful senior semester, further spirit and interest must be generated. In order to produce this much needed spirit, a tested leader must be employed. Through my experiences as a class council member, A-11 class treasurer, and currently KHARKOVIAN

As a result of poor activities, publicity, and participation, the class of S'70 is in dire need of money for our A-12 semester. Our only hope lies in a drastic rise in participation and funds during the first half of our senior year. Our activities next semester can only be successful if they are run by a leader with **EXPERIENCE AND ABILITY!** My attendance at past B-12 activities and my work planning activities on Student Council, Boys' League Executive Board, and class council and cabinet have giv-

en me the necessary experience. My work as Boys' League Coordinator of Publicity and my work on publicity committees will also be brought to the office to better publicize our activities. So for the greatest semester possible, elect the experienced candidate, Steve Bulka, B-12 class president!!

**RAY WARD**

Our graduating Summer '70 class will be the largest class ever to graduate. And yet it will be the most diverse class, unless we formulate a meaningful way to unite ourselves. Knowing many of you personally, I am aware of the potential spirit of our class. And this is basically the motivation behind my entering the election. I can promise no miraculous solution, no fantastic rise in spirit, but I am only able to promise my availability to support our class as a whole. This means giving the accelerating

## 11th Grade Offices

### LESLIE BISNO

The president of the 11th grade will have the double responsibility of serving one-third of the entire school. He must work and fight hard for what you want. My qualifications and willingness to serve you make me worthy of the only thing I ask from you — a vote for LESLIE BISNO.

As for qualifications, I was the only student ever to hold the offices for both Junior Council president and Student Body president of my junior high school. I was president of the B-10 boys here at Hami, and have served in numerous other areas, while maintaining a strong "A" average. My deal is one vote for a whole semester of great times. The odds are with you, if you vote for LESLIE BISNO for 11th grade president.

### HELEN MAJZNER

As A-10 vice-president I have been able to observe how and why leadership fails or succeeds. I have met many wonderful people, and I hope that the people entering our grade will find it as friendly and hard-working as I have. Seeing our class grow not only in numbers but in spirit has encouraged me to run for 11th grade president. As A-10 vice-president, Nevian, a past member of Girls' Council, Faisons, and two semesters on Girls' League service committees, I have observed all the hard work and planning that go with an office. If elected, I hope to make everyone an active participant in class activities, and with the other class officers make next semester fun and exciting. VOTE HELEN MAJZNER 11th GRADE PRESIDENT.

### RICHARD MILLS

The present class councils have had great difficulties in achieving proper communication with their classes. Various class activities have been demonstrated to be of little interest to the majority of students. Overall existing class spirit has been hidden further by these old-fashioned activities which have beckoned only class spirit rather than individual development. Stronger, free thinking class leadership is needed for the forming Summer, 1971 class. Students voting for 11th grade class officers should consider electing students that will provide an awakening of class participation. I, Richard Mills, can set up an effective class council which can be of benefit to all 11th graders.

### ELLEN SCHAMBERG

An exciting and successful semester is what I'm after. To raise money, those who wish to could participate in a car wash. I feel if we could get a substantial treasury going we would be able to have many fun-filled activities, such as horseback riding. I feel that I am qualified for this job because I have participated in class activities. I was Faison chairman, in the House of Reps, and Girls' League. I have run for other offices, although I have never succeeded. For a spirited and fun semester, join in and vote for ELLEN SCHAMBERG for 11th GRADE PRESIDENT.

# New Spots in Order

With the change to annual promotion, the students at Hamilton should also change to a new philosophy regarding their status as school citizens. This philosophy will demand that everyone must vote in today's elections.

If everyone votes, then the students will select their own representatives. If everyone does not, then the choice of who will become our new officers is left to a minority. To make it easier to participate, all a voter needs is a Hamilton I.D. (SID). The SID entitles the voter to express his preference for Student Body offices, appropriate grade officers, and the proposed new constitution.

The revised Student Body constitution has been formulated by Student Council and put on the ballot so that all students can ratify it.

Don't let someone ratify or nullify the proposed constitution for you! The day may come when you will be personally affected by a provision of the constitution. We expect that the Student Body will accept the responsibility of selecting officers. If you don't vote, then the power lies in the hands of the minority.

If you are in favor of the constitution, vote for it; if you are opposed to the new constitution, vote against it.

Today at lunch, take a couple of minutes to vote. By electing officers this year, you are helping make next semester a better one.

# Eureka! Six Classes Okayed

A telephone call to Principal John W. Sanders on Friday, May 23, ended almost a semester of nail-biting and ulcers for the Hamilton counseling staff, not to mention several thousand students—for the word came that the Board of Education was authorizing six classes for students next year!

"The good news is especially appreciated by B-10 and B-11 students involved in plans to "go-ahead," according to counselor Dr. Rebecca Williams. Other counselors also expressed their relief at the news, declaring that the majors chosen by students would probably have had to be abandoned if everyone were limited to just five classes.

"Seniors who needed to take six classes in order to graduate on time are probably breathing the biggest sighs of relief," B-12 counselor Miss Jeanine Peters declared.

# News in Brief...

### Feditor Honored

Federalist editor Kathy Snyder will be honored as the Hamilton "Staffer of the year" at a banquet sponsored by the Santa Monica Evening Outlook on Tuesday, June 3, at the Williamsburg Inn.

Students from area high schools are yearly honored for their contributions to high school journalism by the Outlook. Guests along with Kathy will be her parents, Mr. and Mrs. Arthur Snyder, Jr., Principal John W. Sanders, and journalism instructor Miss Irma E. Morris.

### National Merit Win

Hamilton senior Ian Grenzeback has won a \$1,000 National Merit scholarship to use at the college of his choice, which happens to be Pomona. Ian is one of the eight Hamilton National Merit finalists from the

most recent competitions. The other seven include Vernon Hattori, Cary Glass, and Howard Brodie, who are Vyotokeas, and Howard Wien, Paul Bernstein, Carol Riven, and James Steinberg, Senecayas.

### Science Training

Three Hamilton students will participate this summer in a special program sponsored by the committee for Advanced Science Training. Between June 30 and September 5, Edith Markoff, Elliot Spindel, and Manette Denis will assist a professor on his research project, then in return, he will assist them with their special interest projects.

### Man-Made World

A class in "Understanding the Man-Made World" will be held this summer at the Francis Polytechnic High School. Classes will be limited

to 25 students each and will be taught by the team teaching method. The course is designed for the student who wants to develop his ability to understand and to cope with his responsibilities as a citizen in a technology-oriented society.

Elective credit for students will consist of five semester credits in science and five in mathematics. To qualify for these honor classes a student must have completed one year each of algebra and laboratory science, be in the eleventh or twelfth grade in fall, 1969, and have the recommendations of the principal, head counselor, and department chairman.

### Lettergirls

The Lettergirl Association, sponsored by Miss Ruth Halsey, is an association for girls with extensive athletic ability. To qualify a candidate must have six G.S.A. credits, a "B" average in physical education and a "C" average in academic classes.

After taking and passing a written and skills test, seven girls were chosen as Lettergirls for next semester; they are Kristen Childs, Lynn Dohi, Gail Lipani, Earthlyn Manuel, Edie Markoff, Rhonda Schneider, and Janie Thompson.

# "Once Again That Time Of Year..."

"Once again that time of the semester has arrived when students will offer their abilities and put their qualifications to use with the old "time for a change" crusades to abolish apathy and induce school spirit.

The unopposed candidate for student body president, Tom Krantz, has been "elected" by signing his name, so he has therefore, no doubt already stayed up late nights and organized an agenda of student activities

Unopposed candidate for Girls' League President, Carol Davis, promises to "live up to your expectations"—those expectations which you, the student body, didn't even have to vote for and expect...Vice Presidential candidate Phil Wilder promises leadership which is "cognizant of the relevant problems of the day"—which is easier said than done...His opponent, Randy Markowitz, advocates "taking ideas out of the pending files and putting them into the action files"—ideas which are yet to be thought of...Please cast your vote TODAY!!!!

### Student Body Vice President — Phil Wilder

(Continued from page 2)

ing to overthrow this apathy, having served as A-11 president, A-10 vice president, and Boys' League undersecretary. My duties in the league included aiding to formulate the present dress code. But having served in all these posts has not taken away the enthusiasm and incentive nec-

essary for an effective student body vice president.

The students at Hami will be adversely affected if something is not done to alleviate the vacuum which has appeared in student government. Turn to new leadership. Vote PHIL WILDER FOR STUDENT BODY VICE PRESIDENT.

# Tennis Doubles Take City

Ron Recht and Jim Dickerman are the winners of the Los Angeles City High School Tennis Doubles Championship. They defeated Kim Kochsiek and Reid Osherow of Taft in the finals, 6-3, 6-3, to take the tournament. The win marked the second year in a row a doubles team

from Hamilton has won the championship, and Recht's second consecutive year as champion.

Recht-Dickerman, the top-seeded team in the tournament, didn't allow more than one game per set to be scored against themselves through their first five matches. In the semi-finals, they defeated Fugle and Loopesco from Palisades, 6-2, 6-4.

For the match Recht and Dickerman walked onto the court ten min-

utes late and were nearly defaulted. They wasted no time, however, in asserting themselves, breaking service twice, and jumping off to a 5-1 first set lead.

Throughout the tournament Recht was more than magnificent. Recht's serves bounced so high and so wide, his opponents couldn't reach the ball; his net shots bounced so high the balls went over the fence.

Dickerman, playing his final

matches for Hamilton, displayed the sizzling forehand which has been the outstanding feature of his game through his years at Hamilton.

The combination of Dickerman's ground strokes and Recht's serves and volleys proved too overpowering for any team in the city to handle, as Recht-Dickerman won the tournament with one of the most convincing displays of doubles tennis in city history.

## Baseball Team Hurt by Home, One-Run Losses

The Hamilton Yankees' 1969 varsity baseball season may not have been the most successful, but it was certainly exciting enough to deserve more support. The Yanks finished fifth in the W. L. with a 4-8 record. Included in their eight losses were four one-run defeats.

### Poor Home Record

Hamilton played well enough on the road to have a winning season. In the baseball wars, supposedly, if you play .500 ball on the road, the percentages of winning home should provide you with a winning season. Well, sure enough, the Yanks managed to play .500 ball on the road. Ironically, at home, where the Yanks had last year won the co-W. L. championship, the Yanks sported an incredible 1-5 record!

### Baranick Stand Out

The Yanks' number one standout of 1969 was pitcher Bruce Baranick. Baranick's E. R. A. at 1.17 was among the City's finest. His hard luck saw him on the end of all Hami's one-run losses, and his record was not among the city's finest at 3-7. Another standout performer was Danny Spring. Spring, being the only real returning regular, had added pressure on him all season, and still managed to hit a solid .317. Second baseman Alan Krepack was a pleasant surprise as he led the Yanks in hitting his first season at .342. Outfielder Steve Adler was plagued with a late season batting slump but had a fine year.

## Records Broken in Semis

Tremendous comebacks and outstanding times highlighted the city semi-finals at East Los Angeles College last week.

Again Gary Nugent headed the list, taking second place in the 120 highs behind Charley Rich from Washington. Nugent equaled his best time of 14.8. David Clay ran a 19.3 in the 180 lows, .2 better than his previous time which he clocked in the quarter finals. Again Charley Rich literally ran away with it, clocking at 19.0. Rich has run a 13.6 in the highs and 18.6 in the lows--both windaided.

Bee hurdler, Rick Marshall, missed his call for the 70 highs but was able to participate in the 120 lows. Marshall took second in 13.9 behind Locke's Tony Ghazlo. Ed Smith placed fourth, which is good enough to qualify in the Cee 120 lows.

Rounding out the qualifiers for the Cee team was Paul Wallace, who placed fourth in the 180 yard dash. Dennis Hayashi (contrary to official spelling) placed sixth in the long jump. Hayashi jumped 20'3-3/4" which is one of his poorest jumps of the season. In the quarter-finals, Hayashi pulled a muscle in the Cee

440 relay and was under pressure throughout the meet. Hayashi has jumped over 21'.

Philip White was the third Varsity qualifier; he placed fourth in the 200 running a season's best of 22.0. The Bee squad comprised the remainder the qualifiers with David Thomas leading the list (as usual). Thomas took a second in the 100 after a bad start but placed first in the 220 as he darted well ahead of the rest of the field in 22.8; only .1 off the city record. Again Thomas proved himself worthy as he led the 880 relay team to the second fastest time (1:30.8) in city, only .5 behind Manual Arts. Hami had run a 1:30.0 previously.

To finish the excitement, L.A.'s Robert Pullard has the new city record of 15'10-3/4" in the pole vault; James Baxter has the new 880 record in 1:52.2, and L.A.'s 440 relay team bettered the old record by 1/2 second in 41.5. Dorsey's mile relay team tied the city record in 3:18.9.

## Asturias and Sanders Win

Varsity swimmer Bill Asturias and Bee swimmer Brad Sanders qualified for city finals at the Santa Monica City College prelims Friday, May 23.

For Asturias it was a disappointing day, although he did qualify in the 100 yard freestyle. Asturias swam a 50.9, .5 tenths off the leader to place fifth in a field of eight to meet in the finals in the 100 yard freestyle. In the 50 yard free, Bill finished with a 23.5 to place sixth.

Brad Sanders, an A-10, also qualified for city finals in the Bee 100 yard freestyle. Sanders turned in the fastest time of the year for himself, a 54.1 to place fourth for the second highest number of

points before dropping to Bee for city competition.

The relay team's qualifying for city failed to materialize, especially in the Varsity 200 yard Medley, which Coach Hester said might have taken sixth.
